

JUNGLE GEMS GLAZES

Crystal Glazes are magical potions in jars! The tiny “rocks” in the glaze are crystals of fired glaze, ground to different sizes and mixed with a contrasting base glaze. Three coats are required for best coverage. Mayco crystal glazes are nontoxic, but may not be suited for contact with food or drink surfaces due to fired surface characteristics or possible crazing.

Only glazes marked in **RED** bear CL Certified Health Caution Labels.

Pints are Special Order - please call for availability.

When you buy ...	1-5 @	6-11 @	12+ @
4oz	\$7.50.....	\$6.00	\$5.63
Pint.....	\$22.15.....	\$17.72	\$16.61
