WAX & LATEX RESIST

Water-based WAX ON resist dries quickly. Ideal for decoration on bisqueware, and on top of glaze for layered resist effects. Store at room temperature and mix well before use. If it freezes; let it thaw, mix it, then use it!

Wax Off Resist is a latex-wax hybrid designed to be peeled away. Apply directly to bisque or on top of glaze.

Apply thick and allow to dry for several hours or overnight. Wax Off **MUST** be removed before firing! **Helpful Hint:** Wet your brush and wring it out before working will help preserve your brush. If Wax Off freezes, shake well when thawed, and may thicken. Clean brushes with soapy water for both products.
