

MKM Wooden Stamps

Most stamps have two different designs, one at each end. Some designs on each stamp are mirror images, while others are completely different. All stamps are 7cm (2.75") long and made of fine-grained hardwood treated with Tung oil for durability. All stamps are fully labeled for easy identification. The stamps are designed as unit multiples of one another's sizes so that they may be used together to build larger, more complex designs.

Many designs are available in each size of MKM stamps... visit georgies.com/stamps or georgies.com/mkm to see them all.
