

SUMMER GLAZE WORKSHOP 2024

SUM303 **\$350** 6-Week Class

Tuesdays from 1-4pm on July 23rd - Aug 27th

Instructor: Megan Sedita

This is a 6-week class designed to present a multitude of methods for decorating and glazing ceramic objects. This class will review many different techniques, timings, ways to fire and tools to create your own testing moving forward. Each class will include a discussion, demo, and time to work on a project. This class is for people with a basic understanding of ceramics and want to learn more about glazing techniques. Students will take away an informative booklet, test tiles, a few brushes, and a better understanding of the magic of glazing.
