Laguna makes dozens of different clay blends. We stock the best sellers for our area (shown in large, bold print) in our Portland warehouse. Our Eugene store also has limited stock on hand of these clays. For larger quantities or clays not in stock, please call or email us. We'd be happy to order them for you. Our prices reflect freight charges from L.A. to Portland, but may not include freight to your door.

BOLD items are ones that we stock on a regular basis.

We order from Laguna every month. Our orders usually arrive 7-10 days after we order. Processing and shipping individual orders may be a further 5-7 business days after our shipment arrives. We appreciate your help in planning ahead for your studio or program needs.

Porcelain and Stoneware clays are available in both High-Fire and Mid-Range clays. All Low-Fire clays are earthenware bodies.
