

Gallon jars of slip can be shipped by UPS.

Our 2½ gallon boxes can only be shipped by freight.

PREMIXED SLIPS

Georgies Blanco Cast (cone 04)

This is our go-to slip body - it is similar to the original white cast but uses a different clay body. This new slip body casts faster - so watch your timing! It fits the standard clear glazes clear IN1001, & S2101, but our favorite clear to use is Duncan's Pure Brilliance.

CL130CTG	1-3 @	4-11 @	12+ @
Gallon (UPS OK)	\$18.00	\$16.20	\$14.40

CL130CT	1-4 @	5-9 @	10-39 @	40+@
2½ gal Box (NO UPS)	\$38.00	\$34.20	\$30.40	\$26.60

Georgies Trail Mix (cone 6)

This is the same as our Trail Mix clay, only in slip form!

CL535G	1-3 @	4-11 @	12+ @
Gallon (UPS OK)	\$29.00	\$26.10	\$23.20

Georgies Trail Mix Dark Chocolate (cone 6)

This is the same as our Trail Mix Dark Chocolate, only in slip form!

CL535DG	1-3 @	4-11 @	12+ @
Gallon (UPS OK)	\$32.00	\$28.80	\$25.60

Georgies Natural White Stoneware (cone 6)

Our liquid stoneware slip uses the same formula as our dry stoneware slip SSD600 and our G-Mix 6 clay (CC520). Together they offer a complete solution for working with clay, casting, decorating or attaching with slip, and reclaiming scrap clay.

SS600G	1-3 @	4-11 @	12+ @
Gallon (UPS OK)	\$18.00	\$16.20	\$14.40

SS600B	1-4 @	5-9 @	10-39 @	40+@
2½ gal Box (NO UPS)	\$38.00	\$34.20	\$30.40	\$26.60

Georgies Porcelain Slips (cone 6)

We make three porcelain slips: CL519 Silver Falls is very white with some translucence when fired to cone 6, and CL552 Trillium offers a good mix of price and performance. Use sodium silicate to thin these slips if needed, and CL517 Crystal Springs - a popular ^10 porcelain.

Gallon (UPS OK)	1-3 @	4-11 @	12+ @
CL552Trillium	\$20.00	\$18.00	\$16.00
CL519Silver Falls	\$25.00	\$22.50	\$20.00
CL517Crystal Springs (^10).....	\$32.00	\$28.80	\$25.60

2½ gal Box (NO UPS)	1-4 @	5-9 @	10-39 @	40+@
CL552B Trillium	\$44.00	\$39.60	\$35.20	\$30.80
CL519B Silver Falls	\$56.00	\$50.40	\$44.80	\$39.20

Laguna Terra Cotta Slip (cone 06)

An old favorite red casting body which produces a quality, smooth ware. Firing color is a rich terra cotta color.

S704 Gallon (UPS OK) \$29.99 Average Shrinkage is ~2%:6% Average Water Absorption ~1%:20%

Laguna Porcelain Slips (cone 6)

Gallon (UPS okay)	1-3 @	4-11 @
NS121.....Warm Blush	\$36.75	\$33.41
NS125.....Very White.....	\$29.99	\$25.50

PREMIXED TERRA SIGILLATA

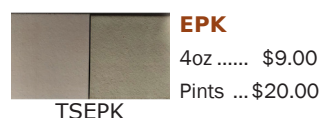

... is made with very fine grained clays, lots of water, and a small amount of deflocculant to disperse the fine particles. The slurry must settle for 12-24 hours and the super fine particles are then siphoned off. This is a low-production item. Please contact us for stock on hand. 4oz & Pints only. Color images show each slip fired at ^04 on the left and ^6 on the right. Go to www.georgies.com/gcc-clay-slip for more information.
