PREMIXED SLIP

Georgies Blanco Cast (cone 04)

This is our go-to slip body - it is similar to the original white cast but uses a different clay body. This new slip body casts faster - so watch your timing! It fits the standard clear glazes clear IN1001, & S2101, but our favorite clear to use is Duncan's Pure Brilliance.

Georgies Natural White Stoneware (cone 6)

Our liquid stoneware slip uses the same formula as our dry stoneware slip SSD600 and our G-Mix 6 clay (CC520). Together they offer a complete solution for working with clay, casting, decorating or attaching with slip, and reclaiming scrap clay.

PREMIXED TERRA SIGILLATA

... is made with very fine grained clays, lots of water, and a small amount of deflocculant to disperse the fine particles. The slurry must settle for 12-24 hours and the super fine particles are then siphoned off. This is a low-production item. Please contact us for stock on hand. 4oz & Pints only. Color images show each slip fired at ^04 on the left and ^6 on the right. Go to www.georgies.com/gcc-clay-slip for more information.
