

HUMP MOLDS & CANVAS

GR POTTERY HUMP MOLDS

These Hump Forms are wood drape molds in a variety of shapes and sizes that are ideal for making dinnerware and serving platters. They are cut and beveled fiberboard which make them durable and economical. Also available is a wheel attachment with spacer pin to throw hump forms on your wheel! Wallies have straight sides rather than the beveled sides of the other shapes. The spacer pull assists with removing Wallies from the clay.

SLABMAT

A smooth alternative to canvas: this non-woven material is used for pressing slabs without the textured weave impression created from canvas.

- The manufacturer recommends using a blunt steel fettling knife for cutting clay directly on the mat, such as Kemper's F96 or F97 listed on page 94.
- Use cornstarch as a release powder if you find that your clay sticks. Use separate pieces for different colors of clay to avoid contamination.
- For slabs longer than 23" on a slab roller, use two full-length sheets with the clay sandwiched between them.
- To cut your SlabMat into smaller sizes, use an Exacto or utility knife.
- Store SlabMats flat or at most - loosely rolled.
- You can use SlabMat on one side of the clay and canvas on the other for slabs with smooth and textured sides.

SME..... Economy Pack 12 x 14" (set of 12)	\$53.50
SMS..... Handbuilding 14 x 16"	\$9.75
SMM..... Standard Slab Roller 22 x 50"	\$30.50
SML..... Wide Roller 30 x 50"	\$50.00

CANVAS FOR SLAB ROLLERS

Heavy duty 21oz Duck canvas. Great for covering a work table or wood slab for working with clay.

NS546.....cut in multiples of 1yd lengths x 36" wide (minimum 1yd x 1yd).....\$15.00

SLAB ROLLERS

NORTHSTAR ... Slab Rollers That Just WORK!

North Star Slab Rollers have a dual roller design which firmly, consistently compresses the clay from both sides, in either direction, with minimum effort up to 24" wide and as long as your workspace permits, from paper thin to 2½" thick.

Standard & Super Slab Rollers

Package includes complete 24" Slab Roller with steel frame worktable, crank-style handle, wagon wheel handle, and starter canvas. Optional collapsible add-on wings and botton shelf kits are available separately and shown on our website. Core packages include the central part of the slab roller for you to build your own table set up. Rollers are 2½" in diameter and either 24" or 30" long. **NS550** is the only one we stock. All others are special order, so please call for availability and lead time.

NS500..... 24" Standard Slab Roller Core (special order) \$1056.99
(only the alluminum rollers, case for housing rollers, handle to drive)

NS550 24" Standard Slab Roller Pkg..... \$1592.99

NS1021 24" Super Slab Roller Core (special order)..... \$1796.99
(only the alluminum rollers, case for housing rollers, handle to drive)

NS1024 24" Super Slab Roller Pkg (special order) \$2282.99

Portable Slab Rollers

Designed especially for ceramic arts teachers who move from classroom to classroom and for studio potters who need a fully functional slab roller but have limited space. All sizes will roll slabs from paper thin to over 2" thick.

NS501..... 18" Porta Roller Complete (special order)..... \$1035.99
NSCT500 24" Polaris Slab Roller (speical order) \$1345.99
CT503 30" Sirius Tabletop Roller (special order) \$1506.99

SHIMPO ... a Heavy Duty Slab Roller!

Shimpo's slab roller can produce slabs up to 3 inches thick. The two-roller system evenly distributes pressure on the slab to reduce warping. Dual hand wheels and a thickness indicator provide synchronized fine adjustment and allow you to precisely control the thickness of the slab. The wagon wheel handle provides effortless feeding of clay through the rollers in either direction. The tabletop is 30" wide x 50" long x 36" height. Shipping weight is 167lbs.

SR3050 Shimpo Slab Roller..... \$1456.00

BRENT ... for Small Studios!

A durable, mid-size slab roller for the serious potter with limited space or for educational clay programs. Solid steel frame and drive system. Slab table and leg assembly includes one ¼" shim with canvas, four ¼" plain shims, and one ⅛" plain shim. Slab dimensions up to 21" wide x 40" long max thickness is 1¼". Measures 40" wide x 51" long x 40" height. Shipping weight is 82 lbs.

SRC..... Brent Slab Roller \$1875.00

Brent Mini

A portable, yet extremely sturdy slab roller. Compact enough to fit on a table. Ideal for small projects, but may not work well for production or school use. Solid steel frame and drive system. Includes one ¼" shim with canvas and two plain ⅛" shims. Slab dimension up to 14" wide x 15" long, maximum thickness is ¾". Meansures 31" wide x 26" long x 14" height. Shipping weight is 207 lbs.

SRCMBrent Mini SRC Roller..... \$1210.00
