

TIE-DYE & SATIN GLAZES

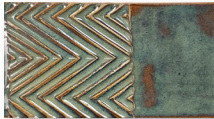

GEORGIES CONE 6 GLAZES

TIE DYE ^6 OXIDATION GLAZES

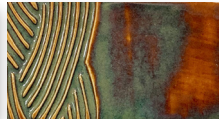

Our Tie-Dye cone 6 glazes offer a wide range of color variation by utilizing thick to thin applications. These glazes love texture and will enhance any smooth or textured surface. They also “move and flow”, so be sure to leave a generous foot on your pots and apply heavier applications at the top of your vessel to allow for any flow. Sample set is available with all 12 colors!

When you buy ...	4 oz	Pint	Gallon	3 Gallon

TD511 • Purple Velvet

TD512 • Pistachio

TD513 • Orange Neon

SATIN ^6 OXIDATION GLAZES

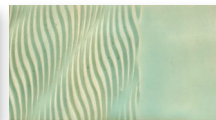

Our Satin cone 6 glazes have a rich, soft, glowing surface. Many of these glazes are semi-transparent and work great with Georgies Interactive Pigments. Mix and layer to create new shades and tones. The ‘satin’ surface creates a great assurance of food safety and durability without the gloss. Satin glazes are zinc-free.
