Flux Glazes

SW-401 Light Flux and **SW-402 Dark Flux** are mid-range glazes that were developed to be used in combination with other mid-range glazes to produce flowing effects. Designed to fire to cone 5/6, but can be fired to cone 9/10. NOTE: movement will be more pronounced at these higher temperatures.

Mudcrack and Magma Glazes

SW403 White Mudcrack and **SW404 Black Mudcrack** were developed to create a highly-texture raised & cracked surface. Thicker applications creates more texture.

SW405 Light Magma and **SW406 Dark Magma** were developed to create a rough, cratered surface. Thicker applications creates more texture.
