MAYCO “WONDERGLAZES”

Stroke & Coat underglazes (also known as “wonderglazes”) are premier products for decorating bisque in 1, 2 or 3 coats! Apply Stroke-&-Coats to bisque, let dry, apply clear or semi-translucent glaze and fire to produce a finish that is almost foolproof for any skill level. They are easy to use, nontoxic, dinnerware-safe and just plain fun! Stroke & Coats are hybrid underglazes with glaze ingredients. They’re intended for use on bisque, but they can also be used on wet clay (if you allow open surface areas for gases to escape during bisque firing. ** available in 2oz.*

Did You Know...

Mayco Stroke & Coats can be fired up to cone 6? You can expect some color changes and flowing action in firing, but as this plate shows on the left, the final results can be spectacular!

These glazes can also create a translucent, watercolor color effect with 1 coat, then builds toward a deeper, more solid coverage when you apply up to 3 coats.
