## Notes on Parts

- Kiln lids do not come with hinges & hardware.
- Element prices are for EACH element: “2 @ \$58” means that section of the kiln needs TWO elements at \$58.00 each, for a total of \$116.00.
- All Skutt elements wrap twice, and come with connectors and pins. Please specify which voltages and phase ratings your kiln needs when ordering elements.
- We stock Skutt kiln elements. Others are by prepaid special order only. We recommend replacing all elements at the same time.
