

## THE GEX HAND EXTRUDER ...

is the most complete, easy-to-use hand extruder on the market. It's perfect for ribbon handles, sculptural parts, and small shape runs for a thousand other uses. Georgies GEX comes fully assembled, ready to use, and equipped with 8 solid die shapes (3 round coils, 3 square coils, and 2 ribbons). All parts are fully replaceable in case of damage or defect. It's easy to clean your GEX, too: all you need is warm water! You'll find many uses for this exceptionally rugged small extruder in your studio or classroom. Full instructions, parts list and adjustment tool are included with the extruder.

- 15x2" aluminum barrel
- Quick-release end cap
- One-year warranty on parts.
- Comes with 8 standard dies.
- Hollow die center brace sold separately.
- 12:1 mechanical gearing for ease of use.
- Max capacity about 2½ lbs of clay.
