Hole Cutters

The sets of 3 double-ended brass tools mean six sizes in each set. For Circles, push tool into clay, twist and then remove. For Squares, push half-way down, pull out, twist, then push all the way down. The CH14 set of 4 has wood handles. Clean after each use.

CONE 6 TILE

OUR CONE 6 tiles are made by a local company using our Timberline Sculptural clay. When fired to cone 6, it's vitreous and waterproof for outdoor use, and tough enough to hold up under foot traffic.

(To the right is our handmade tile installed in the bathroom of our Eugene store)

Bisque ^6 Tiles

BT4HF 4" (actual 3-13/16").....	\$3.50 ea
BT6HF 6" (actual 5-7/8").....	\$4.00 ea

Greenware ^6 Tiles

When you buy ...

HFT4.....4 x 4" square.....	\$3.00 ea
HFT6.....6 x 6" square.....	\$3.50 ea
<i>(allow for about 10% shrinkage in bisque firing)</i>	

CONE 06 TILE

Our Lowfire CONE 06 tiles are manufactured commercially from white clays, perfect for decoration and finishing with underglazes and glazes from Duncan, Mayco or Amaco. Check the glaze label for firing instructions and recommended temperatures. These tiles fire to a maximum of cone 1 (2109 ° F).
