**GEORGIES BESTSELLERS, CONTINUED:**

#6

**PB1868 • \$14.95**  
Alternative Kilns & Firing  
(Watkins)

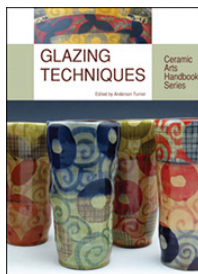

All the details on how to build low-cost, low-tech, high-quality kilns from an easy, affordable, ventilated raku kiln to a unique wood-fueled downdraft stovepipe barrel kiln.

#7

**PB2191 • \$32.97**  
Science for Potters  
(Bloomfield)

An easy to read format that explains the atomic level of interaction of clay and glaze materials, and why specific temperatures do specific things to your work. A valuable resource to have on hand!

#8

**PB2165 • \$32.97**  
Glazing Techniques  
(Turner)

In Glazing Techniques, you'll discover how some talented artists approach glazing using a variety of techniques, materials and firing ranges to achieve stunning surfaces that will inspire your work.

#9

**PB2211 • \$30.00**  
Mastering the Potters  
Wheel (Carter)

This book starts with an introduction to wheel-throwing, from centering to creating basic forms. As a bonus you'll get throwing large objects to alterations, darting, and paddling techniques.

#10

**PB2206 • \$35.00**  
Handmade Tile: Design,  
Create, Install

Forrest Lesch-Middelton shares what he's learned as the owner of FLM Ceramics and Tile. If you want to learn from a pro to make your own tile for your home, this book has everything you need.
