Quantity discounts apply on multiples of the same item.

Cone 6 Tile

OUR CONE 6 TILES are made by a local company using our **Timberline Sculptural clay**. When fired to cone 6, it's vitreous and waterproof for outdoor use, and tough enough to hold up under foot traffic. Working with cone 6 glazes opens up whole new worlds of color and design for you as an artist. Especially if you use cone 6 glazes in combination with our new Interactive Pigments... imagine the possibilities!

(Handmade tile installed in the bathroom of our Eugene store.)

Greenware Tiles

		<u>1-19</u>	<u>20-99</u>	<u>100+</u>
