Clock Movements

Ultra-thin quartz battery movements include hardware, minute, hour and second hands. Battery not included. Measurement beside item number refers to the length of shaft for the clock hands.

	1-5	6-11	12+
All sizes	\$7.95	\$6.36	\$5.57
CP320SS	shaft length = 5/16"		
CP320S	shaft length = 7/16"		
CP320M	shaft length = 11/16"		
CP320L	shaft length = 15/16"		

Clock Hands

Length of clock hands is measured from the center of the hold for the drive shaft to the tip of the hand. Clock hands listed here are black; gold hands are also available by special order. Measurements refer to the dial size of the actual clock face.
