

BISQUE & TILE

GEORGIES DINNERWARE

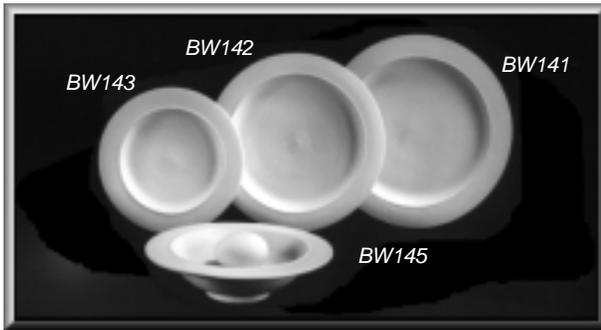

Georgies bisque dinnerware was designed by a master potter to give the look and feel of handmade pottery. Our standard "stock" bisque is made from a lowfire white clay -- and we make the clay, too, to ensure quality at every step! Our bisque is fired to cone 03 (instead of the usual cone 04) for added durability.

Italian Dinnerware

Made thick with rolled rims, these sturdy plates are bold enough to handle the cuisines of the Mediterranean.
