Section I: Manufacturer Information

Name:	Georgies Ceramic & Clay	Date Prepared:	30 November 1999
Addr:	756 NE Lombard, Portland OR 97211	Last Revision:	30 November 1999
Phone:	503.283.1353	Prepared by:	Christy Runyan
Emergency:	503.283.1353		

Section II: Hazardous Ingredients

Hazardous Component (none)	OSHA PEL	ACGIH TLV	Other Limits	% Weight
-------------------------------	----------	-----------	--------------	----------

Other information: All glazes in Georgies GLW series are nontoxic. All are barium-free, lead-free, and contain less than 8% metal oxide colorants. Some glazes in the GLW series are not food-safe because of broken, textured or matte surfaces.

Section III: Physical Data

Boiling Point:	212° (F)	Melting Point:	1800° (F)	Freezing Point:	32°(F)
Water Soluble:	Insoluble.	Vapor Pressure:	n/a	Vapor Density:	n/a
pH (Acid/Alkali):	0.0	Appearance/Odor:	Dark grey odorless liquid.		
Specific Gravity:	1.60				

Section IV: Fire & Explosion Hazard Data

This product is nonflammable and will not burn. No fire or explosion hazards.

Section V: Reactivity Data

Conditions to Avoid:	None.
Chemical Incompatibilities:	None.
Stability:	Product is stable. No hazardous decomposition or polymerization risks.

Section VI: Health Hazard Data

Routes of Entry:	Ingestion
Carcinogenicity:	None reported on NTP or IARC monograph. Not OSHA regulated.
Health Hazards:	None: product is nontoxic.
Signs & Symptoms:	None.

Section VI-A: Emergency & First Aid Procedures

Dust Exposure:	Not applicable.
Eye Contact:	Flush immediately with clean water for at least 15 minutes.
Skin Contact:	Wash with soap & water. Get medical attention if irritation persists.
Ingestion:	Drink lots of water to flush system. Seek medical attention if needed.

Section VII: Precautions for Safe Handling

If Released or Spilled:	Clean up promptly with paper towels or damp sponge.
Waste Disposal:	Put paper towels in trash or rinse out sponge.
Handling & Storage:	Keep container tightly closed.
Other Precautions:	DO NOT SMOKE while using glazes of any kind. Smoking increases the chance of respirating free silica which may be present as dust.

Section VIII: Control Measures

Respiratory Protection:	If spraying, do not inhale mist. Use NIOSH-approved respirator.
Ventilation:	Not required, but we recommend local ventilation. Mechanical exhaust recommended when spraying.
Eye Protection:	Use safety glasses when spraying to keep mist out of eyes.
Gloves/Clothing:	Gloves are optional. Other protective clothing/equipment not required.
Work Practices:	Good personal & studio hygiene practices should be followed.
